# FAQ

**When is the best time to visit? What is the weather like?**

While the climate is generally mild, the weather can be quite variable. The best time to visit is during the winter months (June to August) when the weather is typically sunny and clear. However, it can be quite hot during the summer months (December to February) and quite cold during the winter months (June to August). If you are planning a visit, it is best to check the weather forecast for the specific dates of your visit. If you are unsure, you can also contact our office for more information. Our staff will be happy to assist you. Any issue can usually be cleared up easily from there.
